

Stay Safe at Nettuno

Dear guest,

This was a "special" year for all of us, but the worst seems to be over and we can slowly enjoy our lives in freedom again. We are currently taking some temporary arrangements in the hotel to prevent any situation of contagion in order to guarantee you a peaceful holiday. Compared to previous years, we have made small changes that allow us to be in contact with other people without any risk and to avoid crowds.

Good hygiene practices

Wearing a mask in public areas and corridors is required.

Disinfection gels for hand disinfection are available in several spots of the public areas. We recommend using them!

In accordance with the applicable regulations, we guarantee that our common areas and rooms are cleaned with certified and disinfectant products.

Breakfast is served directly at the table, as it is currently not possible to use the buffet.

Before your arrival

Before your arrival, please send us an email or WhatsApp message with a copy of your ID (or passport) and that of your friends / family staying at the hotel.

This will speed up the check-in

(your personal information is protected following privacy regulations).

On the beach

On the beach and in the garden, the sunbeds have to be in a distance of 1 meter, with the exception of members of the same family.

The parasols, however, are at a distance of 3 meters.

The pillows for the sunbeds are to be found in your room on the wardrobe and must not be exchanged with those of other guests.

Bar & Restaurant

It is not possible to consume drinks at the counter, please order only for take-away.

The restaurant and pizzeria open in the evening in two shifts, the first from 6:00 p.m. to 6:30 p.m., the second from 8:00 p.m. to 8:30 p.m. It is not possible to stay at the table for more than 2 hours. We recommend reservation and adherence to the times.
